Dear Sir,

I invite your kind attention to this office letter dated 2nd ultimo, requesting/sanction the continuance of the establishment newly entertained for a period of six months. Government have sanctioned their employment up to the end of December only. But since all persons are all learners and require training for at least six months before they become eligible for being drafted on to the regular pay list, their employment will be continued till the end of June 1921 at most.

As the month of January has elapsed their pay for that month is due now, and if they are not paid now, they will be clamour.

I therefore request that you will kindly pass early orders in the matter.

Yours sincerely,

D. Ramachandra

Superintendent.
